

## Selective Work History

<b>Client:</b>	<b>Dates:</b>	<b>Project Description:</b>	<b>Remarks / Vessel:</b>
Mashor Dof Subsea / Brunei Shell Petroleum	January – February 2010	Debris removal and pipeline abandonment using saturation diving.	Mermaid Commander Brunei
NPCC	June 2009 - Ongoing	Various saturation / air and ROV projects, along with topside hook up works / accommodation duties for various clients.	Team Siam Persian Gulf
CUEL	September - December 2009	2009 DSV programme of sub sea tie ins and riser installation. Mermaid Commander using saturation twin bell dive system / air diving and ROV support.	Mermaid Commander GOT
PTTEP	August – October 2009	Mermaid Responder chartered to PTTEP for use as air diving vessel.	Mermaid Responder
Chevron	April - August 2009	ROV platform inspection using Sea Eye Tiger.	Mermaid Supporter
Global	March-September 2009	Subsea tie ins and light construction. Mermaid Commander using saturation twin bell dive system / air diving and ROV support.	Mermaid Commander Brazil
Conoco Phillips	June –November 2009	Pipeline inspection / Span Rectification / Platform Inspection with 2 x work class ROV on Binh Minh	Binh Minh Indonesia
CUEL	June – July 2009	Valve Opening works using Scorpio S40 work class ROV and 'Tornado' torque tooling.	Mermaid Performer GOT

## Selective Work History

Modec Management Servicec, Thailand	May 2009	FPSO Jasmine Venture UWILD hull, moorings, subsea hose assemblies, blanking sea chests etc. using ROV and divers	Mermaid Performer GOT
EMAS	April - September 2009	ROV inspections of FPSO mooring systems and other field works with DP1 Mermaid Challenger	Mermaid Challenger GOT
Modec Vietnam Operations	March 2009	FPSO MV12 UWILD hull, moorings, subsea hose assemblies, blanking sea chests etc. using ROV and divers	Mermaid Supporter Vietnam
Chevron	February - April 2009	ROV pipeline inspection using Sea Eye Panther Plus.	Mermaid Performer GOT
Teekay Marine Services	February 2009	FSO Patanni Spirit UWILD hull, moorings, subsea hose assemblies, blanking seachests etc. using ROV and divers	Mermaid Supporter GOT
Aceryg	June - August 2009	SBM Installation Support correction using saturation dive system / air diving and ROV support.	Team Siam Persian Gulf
NPCC	February - June 2009	Subsea tie ins and free span correction using saturation dive system / air diving and ROV support.	Team Siam Persian Gulf
Chevron	January 2009	ROV support for rig move and debris survey using Sea eye Panther plus.	Mermaid Performer GOT
CUEL	November 2008 - January 2009	2008 DSV programme of sub sea tie ins and riser installation. Mermaid Commander using saturation twin bell dive system / air diving and ROV support. Phase 2 of 2.	Mermaid Commander GOT

## Selective Work History

PTT	October – November 2008	Pipeline inspection with work class ROV on Binh Minh of various infield lines.	Binh Minh GOT
ARV Offshore	October 2008	Subsea tie ins and light construction. Mermaid Commander using saturation twin bell dive system / air diving and ROV support.	Mermaid Commander GOT
BP Indonesia	November - December 2008	Platform and pipeline inspections, light construction, air, ROV and saturation diving	Team Siam, Indonesia
Clough Thailand	September ~ November 2008	Anchor handling duties in support of Clough Java Constructor lay barge.	Mermaid Sovereign GOT
Romona / SEIC	August – September 2008	High specification pipeline and concrete gravity structure surveys	Binh Minh Sakhalin Russia
Modec	July 2008	FSO ROV and diving UWILD inspection, Jasmine Venture vessel and mooring / import systems Seaeeye Falcon	Mermaid Supporter Pearl Field Thailand
BP Indonesia	July 2008	Pipeline repair air diving plus ROV SMD Quasar , Seaeeye Tiger.	Binh Minh Indonesia
Rubicon	July 2008	FPSO anchor chain / flowline pick up work SMD Quasar, Seaeeye Tiger	Binh Minh Gulf of Thailand
COOEC China	March – July 2008	Construction support offshore China, 200m saturation, air diving, Explorer 03 ROV	Team Siam, China

## Selective Work History

Chevron Thailand Exploration and Production (CTEP)	June -2008	Habitat welding platform strengthening project	Mermaid Responder GOT
Premier Natuna (Indonesia)	June 2008	Jacket Inspection / MPI, P/L inspection and metrology using Quasar & Tiger ROV systems plus Air diving from the DPII Binh Minh in Vietnam.	Binh Minh Indonesia
JVPC	April 2008 – May 2008	Jacket Inspection / MPI, P/L inspection and metrology using Quasar & Tiger ROV systems plus Air diving from the DPII Binh Minh in Vietnam.	Binh Minh Vietnam
CUEL	February 2008 – September 2008	2008 DSV programme of sub sea tie ins and riser installation. Mermaid Commander using saturation twin bell dive system / air diving and ROV support. Phase 1 of 2.	Mermaid Commander GOT
Chevron IMT (Thailand)	March 2008 -	SAPLE pipeline stabilization program, sat and ROV.	Team Siam, Mermaid Supporter GOT
Chevron (Indonesia)	February 2008 – March 2008	TLP / FPU and P/L inspection ~ Quasar, 1,000m + water depth	Binh Minh Indonesia
BP (Indonesia)	November 2007 – February 2008	Platform inspection ~ Quasar, Panther Plus and Tiger ROV Systems	Binh Minh Indonesia
BP Indonesia	January 2008	Pipeline repairs, SBM hose replacements, IRM, light construction saturation, air and ROV support. Phase 1 of 2.	Mermaid Commander Indonesia
Saipem Asia	December 2007 – February 2008	Pipe line works on leaking pipeline, sat and ROV.	Team Siam, Irian Jaya, Indonesia

## Selective Work History

CGGS	December 2007 – November 2008	Vessel chartered as survey vessel for seismic operations, mobbed in Dubai for India workscope	Mermaid Performer India
BP (Vietnam)	September 2007	Well head intervention using Triton 12 work class ROV on the Binh Minh	Binh Minh Vietnam
PTT	August – September 2007	Pipeline inspection with Scorpio S40 work class ROV on Performer of various infield lines and the 34" line to Rayong, including CP field gradient and full charting.	Mermaid Performer GOT
CUEL	July 2007 - June 2008	Assisting the 2007 campaign sub sea tie ins with flooding and testing operations using surface gas techniques supported by ROV and air diving to install riser clamps.	Mermaid Responder GOT
Chevron Thailand Exploration and Production (CTEP)	September 2007	Wet welding repair of internal flooded bulkhead of FSO.	Mermaid Supporter GOT
Chevron Thailand Exploration and Production (CTEP)	August – September 2007	Pipeline inspection and platform inspection using both air diving and Seaeye Tiger / Seaeye Falcon ROV	Mermaid Supporter GOT
CUEL	May – December 2007	2007 DSV programme of sub sea tie ins and riser installation. Mermaid Commander using saturation twin bell dive system / air diving and ROV support.	Mermaid Commander GOT
JVPC	April 2007	Pipeline inspection, freespan corrections, GVI PLEM, spools, risers and out of straightness survey with Scorpio S40 on Performer, all 24hr operations.	Mermaid Performer Vietnam
Chevron Thailand Exploration and Production (CTEP)	March – May 2007	Installation of piled and clamped spool piece / pipeline supports Jacket strengthening project, air, sat and ROV.	Mermaid Commander Various Fields, GOT

## Selective Work History

Saipem Asia	March – December 2007	Saturation, air diving and workclass ROV construction support works for Semac 1 pipelay barge.	Team Siam, Malaysia Thailand JDA
BP Indonesia	February ~ March 2007	Follow up works to emergency repair carried out in 2006 at APND, saturation, air and ROV support for spool piece installation / hot tap and riser installation.	Mermaid Commander Indonesia
PTTEP Siam	January 2007	Installation of sub sea template and underwater bracings on tripod platform.	Mermaid Responder Nang Nuan GOT
CUEL	August 2006 January 2007	2006 DSV second programme of sub sea tie ins and riser installation, approx project duration in 2 x phases of 140 days. Mermaid Commander using saturation twin bell dive system / air diving and ROV support.	Mermaid Commander GOT
CLJOC	September 2006	Swathe survey, platform GVI survey, seabed sampling and geophysical survey of pipeline route, with Scorpio S40 on Performer, all 24hr operations.	Mermaid Performer Vietnam
Likpin (Dubai)	October 2006 – January 2007	Pipeline support with Scorpio S40 on Performer and air diving support from Swissco barge, all 24hr operations.	Mermaid Performer Indonesia
Travocean	September 2006 to December 2006	Full sub-sea services for installation and burial of 115kV power cable from Kanom (mainland) to Samui Island, including shore landings at each end	Cable lay barge plus inshore craft
Chevron Thailand Exploration and Production (CTEP)	June ~ July 2006	Installation of piled and clamped spool piece / pipeline supports. Inspection using 3.9 divers on numerous Wyes and Tees with both UT and RT, Surespek contracted inspection services, saturation diving and Tiger ROV support.	Mermaid Commander GOT
TLO / SSB Malaysia	June 2006 December 2007	Carrying out various IRM and construction work scopes for SSB as TLO subcontractor, with air and saturation diving, and Explorer 03 work class ROV support.	Team Siam, Malaysia
Premier Indonesia	June 2006	Maintenance on sub sea well head, replace jumper lines and remove fishing nets using saturation diving and Tiger inspection class ROV support.	Mermaid Commander Indonesia

## Selective Work History

BP Indonesia	May ~ June 2006	Emergency repair of damaged gas pipeline. Successful completion using saturation diving and Tiger inspection class ROV support	Mermaid Commander Indonesia
CUEL	March ~ May 2006	2006 DSV first programme of sub sea tie ins and riser installation, approx project duration in 2 x phases of 140 days. Mermaid Commander using saturation twin bell dive system / air diving and ROV support.	Mermaid Commander GOT
Chevron Thailand Exploration and Production (CTEP)	March ~ May 2006	Construction program, wet welding 3 x platform stiffening / X brace installation and general IRM.	Mermaid Responder Various Fields, GOT
Chevron Thailand Exploration and Production (CTEP)	April 2006	Platform cleaning and inspection / installation of MGP's from Mermaid Performer	Mermaid Performer GOT
PTTEP	March 2006	Span rectification project, using Seastrut grouting systems. PLEM maintenance and repairs. Installation of flange protectors.	Team Siam Bongkot Field, Thailand
Chevron Thailand Exploration and Production (CTEP)	April 2006	Platform inspection using Seaeeye Tiger deployed from Mermaid Supporter, total works successfully completed on budget in 16 days	Mermaid Supporter Various Fields, GOT
Chevron Thailand Exploration and Production (CTEP)	March 2006	Interfield pipeline inspection using Seaeeye Tiger deployed from Mermaid Supporter, total works successfully completed under budget in 31 days	Mermaid Supporter GOT
Saipem	March 2006	Pipeline emedials to gaskets, removal of damaged gaskets and replacement / with Hydratight equipment, sat and ROV.	Team Siam Bongkot Field, Thailand
PTTEP	Nov 2005 ~ Jan 2006	Emergency pipeline repair, removal of damaged spools with DWC / metrology and installation of 2 x new spools.	Team Siam Bongkot Field, Thailand
PTT	December 2005	Span rectification project, using Seastrut grouting systems in 51 locations, Gulf of Thailand	Team Siam

## Selective Work History

Chevron Offshore (Thailand) Ltd.	November 2005	ROV Explorer 03 work Class ~ Debris survey pre jack up arrival 2 platforms	Benchamas Field, Thailand
South East Shipping	October 2005	FSO ROV and diving UWILD inspection, vessel and mooring / import systems	Yetagun Field, Myanmar
PTTEP, Vibhavadi Rangsit Road, Bangkok	October 2005	Installation of WP9 riser guard assembly.	Bongkot Field, Thailand
PTTEP, Vibhavadi Rangsit Road, Bangkok	July 2005 ~ September 2005	Completion of 2004 annual inspection and maintenance programme in the Gulf of Thailand, diving and ROV operations. Water depth to 85 metres	Bongkot Field, Thailand
Unocal Thailand Ltd.	July 2005 ~ August 2005	IRM programme with divers (air and surface gas) and ROV.	Unocal Fields, Thailand
JVPC Vietnam	May 2005 ~ July 2005	Subsea Tie-ins, pipe-line remedial works, riser installations and field upgrade works, 40 day saturation.	Rang Dong Field Vietnam
Chevron Offshore (Thailand) Ltd.	March 2005	Deployment of external pipetracker on subsea pipelines using work class ROV	Benchamas, Tantanwan Fields
Unocal Thailand Ltd.	March 2005 ~ July 2005	ROV FMD inspection of critical members throughout Unocal operated fields, annual IRM programme with divers and ROV.	Unocal Fields, Thailand
Unocal Thailand Ltd.	March 2005 ~ April 2005	UT 'A' scan inspection of 'Y' piece welds, replacement of 'Y' piece assemblies, saturation techniques to -230'	Pailin Field, Thailand
Hyundai Heavy Industries / ExxonMobil	Feb 2005 ~ May 2005	Remedial work and construction support on Gravity based platform 'Orlan' prior to deployment in Sakhalin 1 development, air diving programme	Ulsan, S. Korea
Republic of Korea Navy	Jan 2005 ~	Commissioning of world's largest saturation diving system for ROK navy	Jing Hae. South Korea

## Selective Work History

Chevron Offshore (Thailand) Ltd.	Jan 2005 ~ Feb 2005	Retrofit Conductor guides; diving and ROV work installing 5 tonne conductor frames to -160'	Tantawan Field, Thailand
Unocal Thailand Ltd.	Jan 2005	Work class ROV operation of various subsea valves during commissioning works	Erawan Field, Thailand
Unocal Thailand Ltd.	Nov 2004 ~ Feb 2005	Platform upgrade works; conductor guide frames etc., diving and ROV to 65 metres.	Erawan Field, Thailand
Unocal Thailand Ltd.	October 2004	ROV survey and change -out of damaged 'Y' skids using saturation techniques in Pailin Field, Thailand	Pailin Field, Thailand
Chevron Offshore (Thailand) Ltd.	October 2004	Retrofit Conductor guides; diving and ROV work installing 5 tonne conductor frames to -160'	Tantawan Field, Thailand
Hyundai heavy Industries / ExxonMobil	August 2004 ~ November 2004	Remedial work and construction support on Gravity based platform 'Orlan' prior to deployment in Sakhalin 1 development, air diving programme	Ulsan, S. Korea
PTTEP, Vibhavadi Rangsit Road, Bangkok	July ~ Sept 2004	Annual inspection and maintenance programme on 18 platforms, + interfiled pipelines in the Gulf of Thailand, diving and ROV operations. Water depth to 85 metres	Bongkot Field, Thailand
JVPC Vung Tau, Vietnam	July ~ Aug 2004	Annual inspection programme to ABS requirements on 4 platforms + inter-field pipeline systems	Rang Dong Field, Vietnam
ROK Navy South Korea	June ~ July 2004	1st stage commissioning of 450 metre saturation diving simulation system for ROK Navy	S. Korea
PTTEP, Vibhavadi Rangsit Road, Bangkok	June ~ Aug 2004	Removal and re-instatement of badly damaged boat landing on WP1	Bongkot Field, Thailand
Unocal Thailand Ltd. Bangkok	March ~ June 2004	Annual inspection, repair and maintenance contract on 18 platforms using diving and ROV, retrofit anode towers at base of platforms, water depth 75 metres	Erawan, Satun, Pailin, Platong Fields, Thailand

## Selective Work History

Chevron Offshore (Thailand) Ltd. Bangkok	March ~ May 2004	Platform upgrade comprising retrofit conductor guide installation at all levels on two platforms	Tantawan Field, Thailand
Tanker Pacific, Singapore	April 2004	ABS UWILD on FSO, riser and mooring systems carried out using diving and ROV, water depth 70 metres.	Benchamas Field, Thailand
PTTEP, Vibhavadi Rangsit Road, Bangkok	April 2004	ABS Inspection and remedial work on FSO riser system, water depth 85 metres	Bongkot Field, Thailand
Unocal Thailand Ltd. Bangkok	March 2004	Riser repair using Smartflange	Erawan Field, Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	March 2004	Diver remedial tie-in work for field upgrade, water depth 70 metres	Maliwan Field, Thailand
Unocal Thailand Ltd. Bangkok	March 2004	Subsea valve operations using work class ROV	YAWD Field, Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	February 2004	ROV inspection of gas leak, re-jack-up debris survey	Benchamas Field Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	January 2004	Recovery of damaged crane and load ~ diving and ROV	Benchamas Field Thailand
PTTEP, Vibhavadi Rangsit Road, Bangkok	November 2003	FSO / platform remedials ~ air diving and ROV	Bongkot Field, Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	October 2003	Work Class ROV ~ debris clearance around platforms	Maliwan Field, Thailand

## Selective Work History

Chevron Offshore (Thailand) Ltd.	October 2003	ROV pipeline survey	Maliwan Field, Thailand
Unocal Thailand Ltd. Bangkok	September 2003	Work Class ROV carrying out subsea valve operations valve operations	YAWD Field, Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	August 2003	Diving repair of leaking gas pipeline, water depth 70 metres	Benchamas Field, Thailand
SBM (Monaco)	May ~ June 2003	ABS UWILD survey of vessel, riser, mooring system and PLEM, blanking of all hull apertures Diving and ROV, water depth 60 metres	Rang Dong Field, Vietnam
Smedvig (Thailand) Bangkok	April 2003	UWILD of tender barge carried out on behalf of ABS	Bongkot Field, Thailand
Premier Petroleum (Myanmar) Ltd. Yangon, Myanmar	Jan ~ March 2003	Diving and ROV baseline survey, caisson and clamp installation, riser clamp repairs on 2 platforms, associated pipeline systems and FSO, water depth 105 metres	Yetagun Field, Myanmar
Chevron Offshore (Thailand) Ltd. Bangkok	Nov 2002 ~ Feb 2003	Platform upgrade and reinforcement; wet welding of 5metre high 'wrap plates' to class 'A' standard	Maliwan Field ~ Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	Nov 2002	Retrofit conductor guides to 3 platforms at each platform elevation	Benchamas / Tantawan Fields ~ Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	Sept 2002	Platform repair, comprising replacement of damaged VDM,; wet welding to 'class A' standard	Maliwan Field ~ Thailand
Trenergy / Petronas, Malaysia	Aug 2002	ROV FPSO UWILD carried out on behalf of ABS, hull, moorings, subsea hose assemblies etc.	Masa Field ~ Malaysia
Thai Shell,	June 2002	Bi-ennial inspection programme and remedial works, diving to 36 metres	Nuang Nuan Field ~

## Selective Work History

Bangkok			Thailand
SBM (Monaco) Mitsubishi Heavy Industries	April 2002	Diving and ROV UWILD on behalf of ABS	Rang Dong 1 FPSO ~ Vietnam
PTTEP, Vibhavadi Rangsit Road, Bangkok	Jan 2002	Air and Saturation diving with ROV support for remedial repairs to flexible riser, PLEM and pipeline assembly	Bongkot Field ~ Thailand
COOEC Shanghai, China	Sept 2001 ~ Nov 2001	Diving construction support for platform installation and pipelay, from Derrick / Construction barges	Maliwan Field ~ Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	Aug 2001	ROV debris survey and clearance, carried out post installation, prior to work-over	Benchamas Field ~ Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	May 2001 ~ June 2001	Diver blanking of risers and spools, pressure testing and preparatory works for phase III construction carried out at water depth of 75 metres	Tantawan Field ~ Thailand
Chevron Offshore (Thailand) Ltd. Bangkok	April 2001 ~ June 2001	Retrofit conductor guides to 3 platforms, at all elevations.	Benchamas / Tantawan Fields ~ Thailand
Thai Shell, Bangkok	Mar 2001 ~ April 2001	ROV / Diving debris survey and removal prior to jack-up drilling operations	Nuang Nuan Field ~ Thailand
ARC Refinery Map Ta Phut Thailand	1997 ~ Current	Ongoing IRM contract on offshore CALM buoy, mooring and riser system, and 42" pipeline carried out for Shell subsidiary company	Offshore Map Ta Phut, Thailand
