Mermaid boasts the most up to date purpose built indoor diving complex which is dedicated specifically for delivering specialised underwater inspection courses and examinations.

This CSWIP approved course is an essential course covering basic NDT procedures, formally required before sitting the CSWIP examination. This advanced course and examination for the inspection diver is required by all major diving contractors for divers undertaking Magnetic Particle Inspection and weld toe grinding work.

Course Content:

- Theoretical instruction as per CSWIP approved syllabus
- Advanced Underwater NDT Techniques
- Magnetic Particle Inspection
- A Scan and Digital UT
- Weld toe Grinding
- Overview of ACFM inspection technology

Entry Requirements:

- Must hold current CSWIP 3.1U certificate and provide proof of at least one years experience as a practising commercial diver
- Hold an in-date full commercial diver medical
